 - 5-6ft 4.00

SYRINGA* - - lilacs.

Our French hybrid lilacs are true to name and are branchy. we are very careful to keep them true and any that we find mixed, we weed them out of the variety.

Some varieties are selling out fast and therefore late orders may run short on varieties wanted.

WRITE FOR LIST OF THESE IF INTERESTED

We solicit correspondence and invite you to visit our nurseries located at Kingsville Md. We are on the lane alongside of the KINGSVILLE INN. drive west up the hill and on through the woods.

There are many items we are growing but are not listing because we are not heavily stocked. Many new and rare plants too, we are building stock up of. Should you need something not listed herein, write us we may have it.

PERSIAN TRUE TYPE

ours are the old original which make branches that will weep back to the ground. chinesis sanguinea is often called persian, but it make an upright growth and is not as graceful. stock limited.

We can supply most of the above in 1-2ft grade tho' here we have listed only the quantities of 1-2ft because we are limited on stock. See general list. for prices.

WE CAN QUOTE ENZY SPECIMEN PRICES ON THE FOLLOWING. THESE PLANTS have all been carefully handled in our nurseries and will dig with fine root system.
